

The Martinus Centre, Klint

WELCOME TO THE SUMMER SEASON 2017

Week **4**
22nd July – 29th July

Theme MEETING OURSELVES

The whole of evolution is a gradual awakening from an unconscious state. First we become aware of the outer world, and thereafter of our inner world of thoughts and feelings. Spiritual science opens up a journey of discovery in which the vision of a living universe is revealed. The life and fate of every single individual is a meaningful form of teaching and a mirror image on our way towards a greater understanding of ourselves.

New! Three weeks in English.

Summer is the busiest season in Klint. There are 6 weeks of summer courses in the Scandinavian languages from 1st July – 12th August 2017. For the first time in the history of the centre we will be offering three international weeks in English during the last half of the season (22nd July – 12th August).
